TIDBITS

1) Bob Williams had back surgery about two months ago. He has been recovering well and hopes to be at our next meeting.

2) (Washington, D.C. - May 7, 2010)
The United States Senate passed Senate Resolution 513 (S. Res. 513) at the request of the Specialty Equipment Market Association (SEMA) and the Automotive Restoration Market Organization (ARMO) Council designating July 9, 2010 as "Collector Car Appreciation Day." The resolution was the result of an effort undertaken by ARMO as a means to raise awareness of the vital role automotive restoration and collection plays in American society. S. Res. 513 was sponsored by Congressional Automotive Performance and Motorsports Caucus members Senator Jon Tester (D-MT) and Senator Richard Burr (R-NC). Senators Tester and Burr have been strong advocates for the automotive hobby in Washington, and S. Res. 513 reaffirms their understanding of the cultural importance of collector cars. The Caucus is an informal, non-partisan group that pays tribute to America's ever growing love affair with the car and motorsports. The Caucus recognizes the integral role collector cars have played in fostering our nation's appreciation for motorsports.
